Thank you for your interest in the OCEAN-1 trial for the treatment of chronic cough in patients with idiopathic pulmonary fibrosis (IPF).

Screenshot this page or print out this card to bring to your next appointment and ask your doctor if the OCEAN-1 trial might be right for you.

You may be eligible to participate in the OCEAN-1 trial evaluating an investigational treatment for chronic cough in patients with IPF if you meet the following requirements:

- Adults aged 40 and older
- Have a diagnosis of IPF
- Have had a persistent cough for at least 8 weeks

Please note that this list of the above criteria is not exhaustive. If you are eligible, all further examinations conducted as part of the trial will take place at the hospital/trial center under the supervision of a trial physician. The trial physician will inform you whether you are eligible to participate in the trial.

Scan the QR code with your smart phone's camera app or visit ClinicalTrials.gov/study/NCT07671911 for additional trial information.
